

## ZfD – Regulations for the Submission of Manuscripts

The *ZfD – Zeitschrift für Diskursforschung (Journal for Discourse Studies)* is subject to a double anonymous peer-review procedure. Manuscripts may be submitted in either German or English and should not exceed a total length of 60,000 keystrokes inclusive of spaces. (In exceptional cases deviations from this length are possible after agreement with the editors.) An electronic version should be submitted as either a Word file (or as a Open Office file). The manuscript texts themselves should bear no indication of the name(s) of the author(s). Every manuscript should be accompanied by a short Abstract. Receipt of every text will be acknowledged. If a manuscript should be accepted, notification will also be given. When a manuscript is accepted the following further requirements should be observed:

- 1.) Every article should be accompanied by an abstract in both German and English (and this should include a translation of the title). Abstracts should be between 600 and 800 keystrokes in length.
- 2.) The final version of every article must be sent in electronic form (in Word format) to the email address of the editors ([zfd@phil.uni-augsburg.de](mailto:zfd@phil.uni-augsburg.de)).
- 3.) Tables should be incorporated directly in the text and should have a breadth of either 11.3 or 9.3 cm. Please do not incorporate illustrations, diagrams and graphics directly in the text document but save them to a separate file in the relevant format (using the graphics functions of MS Word, Excel, PowerPoint, or other graphics programs such as Photoshop).

Any further questions about the guidelines for the composition of manuscripts should be addressed directly to the editors.
